

Remarks/Arguments

This case has been reviewed in light of the 26 September 2006 Official Action where a Notice of Noncompliance has been issued with regard to the listing of the claims not including the text of all pending claims including withdrawn claims.

A new Listing of Claims is provided with this Response to Notice of Non-Compliant Amendment which includes all claims including withdrawn claims.

It is believed that the subject patent application has been placed in condition for further prosecution and such action is respectfully requested.

Respectfully submitted,
